EDUCATION

Oriental Institute of Science and Technology, Bhopal

CGPA: 8.5

Bachelor of Technology in Computer Science and Engineering

Nov 2022 – May 2026

St. Joseph School

Class 12 – 94%, Class 10 – 95%

Central Board of Secondary Education (CBSE)

INTERNSHIP EXPERIENCE

Data Analyst Intern, Hackveda

Aug 2025 – Oct 2025

Python (Pandas, NumPy), SQL, Django, MySQL

- Engineered a **centralized University Insight Portal** (MySQL + Django), enhancing institutional data visibility by **45%** for academic stakeholders.
- Deployed **secure access mechanisms** aligned with GDPR/FERPA compliance, achieving **100% data governance reliability**.
- Processed and validated **50K+ information records**, uncovering key trends and **boosting analytical decision flow by 30%** across departments.

Frontend Developer Intern, Coding Thinkers

Jul 2023 – Aug 2023

React.js, JS, HTML

- Designed responsive UI components for **5+ full-scale applications** leveraging modular React architecture.
- Optimized layout dynamics, leading to a **40% enhancement in overall page responsiveness**.

PROJECTS

Talent Sentinel – Employee Attrition Module | ML, Python, Logistic Regression, Flask, MySQL

2025

- Created a **predictive HR analytics engine** that attained **82% precision** in forecasting potential employee exits.
- Devised a **feature engineering pipeline** with Logistic Regression to streamline data uniformity by **25%** and yield **clear, explainable results**.
- Embedded analytical insights into a **Flask-powered interface**, enabling proactive HR retention planning and cutting attrition by **15%** during pilot runs.

Maintena-sense Predictive analytics model for maintenance | Python, Streamlit, Cloud

2025

- Constructed a **machine health monitoring framework** using Random Forest achieving **88% fault detection**.
- Implemented **real-time cloud ingestion** minimizing unplanned stoppages by **20%** and trimming maintenance expenses by **18%**.

TECHNICAL SKILLS

Programming Languages: Python, C++, JavaScript

Data/ML: SQL, Pandas, NumPy, Power BI, Optimization, Machine Learning Algorithms.

Web Dev/Backend: Flask, REST APIs, React.js, HTML

Tools & Cloud: Git, GitHub, VS Code, Postman, Security/Access Control

CERTIFICATIONS & LEADERSHIP

Certificate Folder: 📁 **Cisco:** CCNA Modules. **Python:** Essentials 1 & 2. **Database Management System.**

Leadership: Co-founder, Co-Head (Pensive Society, Wellbeing Club, Alumni) — Organized 8+ major events, increasing participation/mentorship by 35–40%.

ACHIEVEMENTS & HACKATHONS

290+ LeetCode coding problems solved and a total of **375+ coding challenges** across multiple platforms.

Earned **3 star on HackerRank (SQL)** demonstrating strong data query and analysis skills.

EY Techathon 5.0 (2025): Presented a data-driven innovation in a national challenge by Ernst & Young.

Walmart Sparkathon (2025): Built a cybersecurity prototype for retail network protection and anomaly detection.

We for She (2025): Selected for a women-in-tech initiative recognizing innovative thinking and leadership potential.
